COMMENCEMENT EXERCISES OF SEQUOIA HIGH SCHOOL HELD AT THE ALHAMBRA LAST EVENING

The twenty-third commencement of Sequoia Union High School were held last night in the Alhambra and as usual, the building was crowded.

This commencement is the 25th anniversary of the founding of this high school. A unique feature was the address given by Alumni, Supt. of Schools, Roy W. Cloud, graduated in 1898, gave the introductory address. Mr. H. E. Holmquist, who is now the principal of the High School at Aberdeen, Washington, graduated in 1899, told of the events under the leadership of David A. Curry as principal of the school. Progress under the next principal, Frank S. Rosseter, was interestingly told by Mrs. A. S. Kalenborn, class of 1902. The last and longest section, from 1905 to now, under the supervision of S. P. McCrea, was handled by Comte O'Connell, class of 1917.

The music under the direction of Mr. Carrington was very well rendered and appreciated.

The work of the students was well handled by Janes Kreiss who gave the Salutatory, George Pearce who spoke on the Relations Between the United States and China, and Ruth Doxsee, who discussed saving our redwoods. The latter was the valedictorian of the class, having received the highest grades. Her address follows:

Save The Redwoods

Of the many problems confronting California at the present time there is one at least that should receive careful attention and that is, preservation of the redwood forests.

Nowhere else in the world can be found the native Sequoia which in this state, stretch in an almost unbroken line from Monterey to Oregon. Yet the lumbermen has invaded the forests and has convented many a redwood into shingles and fence rails. If this destruction is allowed to continue unchecked, it will finally result in the loss of one of California's most precious possessions. The second growth timber does very well for lumber and to this the Commercialist should confine himself.

Forests and streams carelessly despoiled of their game can be restored, but a giant sequoia once destroyed can never be replaced.

California has not been totally blind to the need of forest preservation. She has purchased a few reserves, one of them, the Big Basin in Santa Cruz county, but these few represent a very small unit of the big scheme of conservation. If we stop here it will be like saving one tree out of a mighty forest and feeling satisfied.

All other redwood lands are in the hands of private individuals of corporations whose interest does not exceed the dollars and cents represented in the lumber that can be obtained from them. The owners can hardly be unselfish enough to preserve them for future generations, so, if they are to be saved, the public must do it by purchasing reserves. All of this work need not fall on the state necessarily.

Every county, fortunate enough to have within its borders redwood forests, should do something toward their preservation. It should arrange through the purchase of a suitable tract, to have a public park.

Bringing the subject nearer home, San Mateo county is well favored with redwoods. Whether she will always have them is for her to decide at once. Delay may cost her the trees and the opoprtunity to get a suitable spot at a reasonable price. The owners are not going to wait until the county decides whether or not the trees are worth saving, before cutting them down.

San Mateo county should buy at least one forest reserve. This investment would be the very best the county ever made, for the lure of a free, unspoiled, out-of-doors added to the lure of good roads should draw many people to this locality.

But, besides being merely a recreation center or a business deal, this park could be San Mateo county's monument for the brave men who fell in France. The customary memorials of stone and marble are not appropriate for such a cause. They are cold and dead. They do not typify the memories of our soldier dead. But is a fitting monument what could be better chosen than a forest of living trees, of the sequoia sempervirens, the sequoia immortal? Those boys in France will live always in our thoughts. They need no monument to remind us of the sacrifice they made. But because we remember let us, not erect, but preserve what has already been erected, a redwood forest, and dedicate it to their memory. If those soldiers knew, would they not be prouder to find that in the hearts of their friends they meant not a piece of stone but an evergreen tree that will never die? San Mateo county has the oportunity to pay a great tribute to her hero dead and to perform a great service to mankind by preserving and dedicating a redwood park.

COURT ADJOURNS FOR THE REGULAR SUMMER VACATION

James T. O'Keefe made the usual motion on behalf of the bar association of San Mateo county on Thursday asking that the court adjourn on first of the month for the annual vacation during July. No contested cases will be heard during that month. All the attorneys are planning to leave for the various resorts throughout the state.

In order to fully and more quickly transact business coming from the eighth district I have arranged to keep my office in Washington open during the adjournment of congress. Every effort will be made to expedite any business that may be entrusted to my office.

H. S. HERSMAN.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Frank Archibald, house moving contractor, of this city, suffered a fracture of the left jaw and a possible fracture of the right jaw, when a heavy block of wood flew up and struck him in the fact while working at Camp Fremont last Sunday. He is now at the Redwood City Hospital and is being attended by Drs. J. L. Ross of this city and Chidester of San Mateo.

A. J. Framm, proprietor of the Hotel Sequoia, reports that there has been a large influx of people at the hotel during the past week looking for business investments and for residential property in and about Redwood City. There was a committee here on Monday looking for a factory site to establish tractor manufacturing plant. The committee was well pleased with Redwood City's shipping facilities and climatic conditions There is every reason to believe the plant will be located here.

The Crystal Laundry on Main street closed its doors Saturday evening last. The institution is owned by the Amalgamated Laundries of San Francisco which owns a string of wash houses in the city. All washing will hereafter be sent to San Francisco and only an office will be maintained here.

Frank Bryant, the aviator, left yesterday for his four hundred acre ranch in Southern California where he will take a vacation of four weeks He contemplates returning to Redwood City to establish an aviation school in the vicinity of Redwood City.

Leslie Sampson left yesterday on a motor trip to Lake Tahoe where he will remain for two weeks going from there to Loyalton to visit his brother, Eugene, who is a cashier of a bank at that place. Young Sampson will be gone for two months.

H. E. Holmquist, former assemblyman of San Mateo county and for the past six years principal of the Aberdeen, Washington, high school, is here for a few weeks' vacation. Mr. Holmquist made the principal speech at the commencement exercises of Sequoia high school last evening. Mr. Holmquist left here in 1909 for the north and for a time practiced law but he gave up that profession to teach. He is considered one of the ablest educators in the State of Washington. Mr. Holmquist is a graduate of the local high school and Stanford. He was amazed at the growth of Redwood City since leaving her eleven years ago. He married a former Sequoia high school teacher in the north and they have three attractive boys, the oldest of whom has accompanied his father to Redwood City and for the first time saw his grandmother and uncle, H. C. Holmquist, the hardware merchant.

Ensign R. E. Parker, son of the Rev. C. A. Parker of this city, has returned home after serving in the navy, and Atlantic waters for about two years. His ship is now stationed at Mare Island and he is enjoying a ten day's furlough. Ensign Parker had many interesting experiences, one of which was when he was aboard the Orion and that vessel went in search of the missing tanker, Cyclops, which was never found.

Miss Louise Fitzpatrick, niece of Judge Geo. H. Buck, was presented with the prize debating medal, for her successful record along that line, during her course in the High school. Miss Fitzpatrick is a member of this year's graduating class.

Miss Mary Curry and Donald B. Tressider were united in marriage in the Yosemite Valley on Wednesday. The young woman spent her girlhood in Redwood City where her father, the late Professor Curry, was principal of the Sequoia Union high school. She graduated from Stanford in 1916 and has taekn advanced work both at Stanford and Columbia. Tressider is a medical student at Stanford and hails from Indiana.

The Redwood City Drayage Company, Otto J. Hunn proprietor, has leased the rooms recently occupied by Attorney F. A. Reynolds in the Sequoia Theatre building for offices. Mr. Hunn is doing a splendid business and has secured a good location for his headquarters.

On Wednesday morning, June 16, 1920, a baby girl was born to Mr. and Mrs. Clifton Woodhams. The new arrival makes a happy group of two boys and a girl in the Woodhams family.

Mrs. Annie Stevenson, nee Bomberg was marired at San Pedro to Charles Cole on May 24. Mr. and Mrs. Cole are spending a honeymoon of three months at Arizona. Mr. Cole is a mining engineer. The bride is a daughter of C. Bomberg of this city. The Coles will reside at San Pedro.

Last Sunday Richard Drivon, the 14-year-old son of Ernest Drivon, while feeding the dogs at Browndale kennels north of Redwood, was badly bitten about the legs and body by several of the vicious dogs which attacked him as he was leaving the kennels.

POPULATION OF REDWOOD CITY IS PLACED AT 4,500

The population of Redwood City is estimated at about 4,500 by the compilers of the new city directory. This estimate is based on the number of names turned in by canvassers. From the water book at the city hall it is learned that there are more than 1,000 meters in service, but not every house in Redwood City has water service. In the list of names secured there were more than 1700 entires. These were for people 18 years of age and over. In addition to these there are the children and also some who necesarily were missed in the canvass because of absence from home. So it is safe in assuming that there are at least three people for each one whose name was secured; then allowing a little margin the estimate is placed at 4,500. The same method of calculation has been followed elsewhere. It gives only an approximation of total population, but is generally close enough for practical purposes. As the government census will be given out before very long it will be a good opportunity to judge as to the reliability of this method of arriving at an estimate of population.

SHERIFF SHEEHAN RETURNS WITHOUT HIS PRISONER

Sheriff M. Sheehan arrived from Chicago on Sunday evening last without his prisoner, Jesse Medaris, who is wanted in this county for non-support. On arriving in Kansas City Mr. Sheehan had learned that his prisoned had been released on the advice of the district attorney a short time before. A telegram had been sent to the sheriff's office notifying him of the facts, but the sheriff had already left for Kansas City. Having received the extradition papers from the governor at Sacramento the expenses were paid by the state and not by the county, as many believe. Medaris after his release came to Daly City and gave himself up. He was released on bail.

Mr. Sheehan went from Kansas City to attend the Republican convention, where he met the California delegation. He left before the nomination of Warren G. Harding was made. He was glad to get away from Chicago's heat.

RAY B. LYON WEDS A STANFORD BELLE

Miss Carmen Seeman of Stanford University and Ray Lyon, assitsant district attorney of San Mateo county, were married Monday afternoon at 5:30 in the Stanford Memorial church by Dr. D. Charles Gardner. Miss Edith McLellan of Burlingame, a sorority sister of the bride, and Fred Supple, a law student in the university, were the attendants. The bride was married in her traveling suit and the newly wedded couple left immediately after the ceremony for Redwood City. From here they have planned to go on a camping trip, but will make their home in Menlo Heights.

Mrs. Lyon is a member of this year's graduating class and lived on the campus, where she is a member of Gamma Phi Beta sorority. Lyon is a graduate of the Stanford law department. He is city attorney of Daly City as well as being associate district attorney of the county.

CHINKS COLLECT BILL WITH KNIFE AND CLEAVER

Leung Kee and his assisting Chinamen collected a restaurant bill with a cleaver and knives Wednesday evening at Palo Alto. Incidentally a tanford student, a white boy, was made to pay a fine of $10 for the disturbance raised, while the Chinese paid nothing.

Three students had eaten in the restaurant. Two left without paying. Leung Kee tried to make the third of the party settle for all. He refused, paid what he owed, tried to leave and found the door blocked. He throwed the Chinaman down and got out. Leung Kee and two others with big knives and one of the cooks with a cleaver rushed after the students. Several other students mixed in and then crockery began to drop from the chinamen onto the students. No one was severely damaged. The police interfered, the boys who hadn't paid returned and settled and then the one who had been held up at the door was told to report in police court in the morning. He did so and was fined $10.

REDUCTION OF $150 A MONTH IN ALIMONY ALLOWANCE

Judge Buck on Thursday granted a reduction of alimony from $300 a month to $150 a month in the case of Alice M. Fay against Clarence S. Fay. The Fays were divorced over a year ago when alimony was allowed plaintiff for support of the two minor children in the sum of $300 a month. Last April Mrs. Fay married again and defendant asked for a modification of the decree. On the witness stand on Thursday Fay admitted that his income last year was $10,000. He said he did not work and this statement brought forth a rebuke from the court who maintained that all able bodied men should work no matter whether they were wealthy or not. This sentiment is backed up by the speech made on the same day by Calvin Coolridge, the next vice-president of the United States, before the graduates of Dartmouth College when he said that idleness brings restlessnes and sin, that all should work, for only those who strive and work can be happy.

MISS ALICE HOLDEN WEDS G. E. STAFFORD

A quiet weding took place at Mt. Carmel church on Tuesday afternoon at 2 o'clock when Miss Alice Charlotte Holden, the popular chief deputy in the county tax collector's office for a number of years, and George E. Stafford, the Redwood City merchanr, were united in marriage, Rev. J. J. Sullivan officiating. Only a few relatives of the contracting parties witnessed the impressive seremony.

Immediately after the ceremony Mr. and Mrs. Stafford departed for a wedding trip to Lake Louise, Banff and other points of interest in the Canadian rockies.

The bride is a daughter of Mrs. George Holden of Redwood City and a sister of Mrs. Percy Long and Mrs. John McCrea. She is a very attractive and popular girl and has been regarded as one of the most efficient deputies ever employed in the courthouse.

For a few years she was the deputy auditor and was acting auditor during the illness of the late Wm. H. Underhill. Her attractive charm and genial and beautiful manner won her many friends who will wish her and her husband a pleasant and happy journey through life.

Mr. and Mrs. Stafford will occupy their attractive home on Winslow street on their return.

GOOD PROGRAM BY NOTRE DAME PUPILS

The Academy of Notre Dame, Redwood City, held its closing exercises in the Sequoia theatre last Wednesday afternoon. A large audience enjoyed the excellent program presented by the graduates of the grammar department and the children of the other classes. A delightful play in three scenes founded on the life of Joan of Arc was presented with the following girls in the cast:

Marie Hurat, Leona Shine, Marie Gherini, Eileen Johnson, Brenda Haller, Catherine Viani, Kathleen Hahir, Rose Marie' Ryan, Hazel Blanchard, Mary O'Leary and Florence Perry.

Other participants in the program were Everett Hogan, Inez Jamieson, Lucille Maloney, Frances Flynn, Bernice Bernasque and the graduates, Edith Baker, Hazel Blanchard, Florence Larrouy, Robert P. O'Brien, Rose M. Ryan, Leona Shine and Catherine Viani.

The address to the graduates was delivered by Rev. George Lacombe, pastor of Mayfield church, who urged parents to give their children every possible an opportunity of acquiring as thorough an education as it is possible for them to obtain. Father Lacombe described how the recent war showed the need of more thorough education and training in the higher branches of knowledge.

The certificates of graduation were presented by the Rev. J. J. Sullivan, pastor of Mount Carmel church.

The program concluded with the singing of the "Star Spangled Banner." The entire program reflected great credit upon the sister of Notre Dame, whose efforts in the training of the children were appreciated by all present. The academy will reopen on Wednesday, August 18.

TEACHERS CHOSEN FOR THE LOCAL GRAMMAR SCHOOL

The board of trustees of the Redwood City grammar school have made appointments in the teaching force of the school for the coming term. There are several vacancies, but up to date they have made three selections. Thomas Carleton has been appointed the manual training teacher, Miss Adelaide Butts, daughter of Mrs. Henry Butts of this city, has been selected to teach one of the lower grades. She recently graduated from the State Normal School at San Jose, where she made a splendid record. She is also a graduate of the local high school. Miss Margaret Lowe of Ontario has been chosen to teach one of the higher grades. Miss Lowe is a graduate of the normal school at Los Angeles and has had seven years' experience. She comes to Redwood City highly recommended. Miss Leuetta Millard of Redwood City, a graduate of the State Normal School at San Jose, with three years' experience, has also been added to the faculty. The other vacancies in the school will be filled in a short time.

DEATH OF LYNN MELENDY

The body of Lynn Melendy, who lost his life when his airplane collided in midair at Fort Bragg with another plane last Sunday, was shipped east on Thursday for burial.

Melendy, before he became an aviator, was a bus driver for the Rapid Transit Company. Before the war he learned to fly in the local field. When war was declared he entered the aviation branch of the army and went to France. He was among the first aviators to cross the German lines. He won the praise of General Pershing for his bravery.

Melendy was well known here and respected. His sudden death is a shock to his friends. He is survived by a young wife, a Portland girl.

C. H. WIDEMAN TENDERS RESIGNATION

C. H. Wideman, wealthy lessee of the Coburn ranches and one of the chief beneficiaries in the settlement of the Coburn estates, has filed his resignation as executor of the Loren Coburn estate in the office of the county clerk, Kenneth M. Nash. The resignation says his reason for resigning is that he wishes to bid on the Coburn timber lands which are to be offered for sale at public auction. According to the resignation was his second account as executor. Both documents were filed by his attorneys, Cullinan & Hickey.

At the same time Dr. W. A. Brooke, through his attorneys, Ross & Ross, filed a petition for appointment as administrator with the will annexed of the Loren Coburn estate.

All were set for hearing by Judge Buck on June 24.

According to the second account of the executor the sum of $20,025.74 is on hand and this will be turned over to W. A. Brooke after appointment. He has no opposition and will be selected. Mr. Brooke will also handle the sale of the timber land at Pescadero, consisting of 3000 acres and valued at $150,000. Very little work remains to be done to settle the affairs of the big estate. All the litigation excepting the claim of Carl Littlefield for $90,000 has been paid. Dr. Brooke will probably wind up the estate next August.

ACTION FOR MAINTENANCE COUPLE OVER 80 YEARS OLD

The trial of the action for maintenance commenced some time ago by Elizabeth D. Johnson against A. P. Johnson occupied two days of the courts' attention this week before Judge Hudner of Hollister, sitting for Judge Buck.

The parties to the action are each of them more than 80 years of age, the defendant, A. P. Johnson, being now about 88 years old. They were married in 1865 and moved to Belmont about 1870. The defendant, A. P. Johnson, has resided there since that time. It appeared from the evidence that the plaintiff with her six daughters, all now married, left Belmont for San Francisco in 1896 and that she has resided there ever since. In 1915 she sued her husband for a divorce and asked for a division of the property, claiming Johnson to be worth more than $50,000. After a protracted and bitterly contested trial had at that time Judge Buck denied the divorce for lack of evidence. The defendant, A. P. Johnson, has been in poor health for many years and last year underwent a serious operation performed upon him at the Red Cross Hospital at San Mateo. Despite his great age he recovered sufficiently to return to his home at Belmont last July and the the following November the present suit was commenced against him by his wife.

The six daughters and their mother appeared as witnesses against the father in the pending suit. The defendant, despite his great age and poor health, displayed a wonderful ability to remember facts and circumstances more than a quarter of a century ago and claimed that his wife deserted him in 1896 and has never returned.

The plaintiff was represented by Nat Schumwoltz of the office of Gavin McNab of San Francisco, Joseph J. Bullock of Redwood City representing Mr. Johnson in the former and pending litigation.

SOME DISAPPOINTMENT SHOWN IN SELECTING REPUBLICAN PRESIDENTIAL NOMINEE

The people of California are naturally disappointed and rightly so in the failure of the Chicago Republican convention to make Hiram W. Johnson the nominee of the Republican party. He was the people's choice. He was nearer the hearts of the masses than any other candidate and should have been nominated.

His nomination would have meant his eletcion.

Hiram Johnson would be the representative of the plain people in the White House and not the mouthpiece of the interests.

However the big convention has spoken. It has chosen a good, patriotic American for its candidate. As true and loyal Republicans all should submit to the will of the majority of that gathering and support Warren G. Harding, who is entitled to the consideration of every American.

Let us bury our differences and put a bold front to the enemy by giving the Republican nominee every support at our command There is hardly any doubt but that Mr. Harding will be elected by the largest majority ever accorded a candidate for the presidency.

CAMPAIGN FOR MR. SHORTRIDGE NOW IN FULL SWING

The campaign to elect Samuel M. Shortridge the Republican senator from California is now in full swing throughout the state acoording to announcement today from Shortridge headquarters.

Campaign offices have been opened in Oakland, Los Angeles, Sacramento and San Francisco. The "Shortridge for Senator Automobile Special" is busy touring every county of the state, and the candidate himself has started the first speaking tour of his campaign.

Shortridge started the month with a visit to Los Angeles where he met Republican leaders and conferred with them and the many friends who are working in his behalf.

"The outlook in Southern California is excellent,' 'said Shortridge on his return. "I speak of Southern California, but I recognize no such thing as a line dividing our state To me there is but one California, great and splendid, and as Senator I will look after the interests of the people of California wherever they may abide."

"The Shortridge for Senator Special" has already toured Marin, Sonoma, Mendocino, Humbold and Napa counties, and is no San Joaquin Valley.

COMBATING THE GO

The gopher pest is a pro is now annoying all thos small gardens. County Hor Commissioner H. E. W gives two methods by whic dent may be destroyed whi follows:

"There are two commonly used methods of destroying gophers, one of which may be advantageously used to supplement the other, where the gopher becomes wise to one or the other of the methods. These two methods are trapping and poisoning.

"Gophers are readily caught in any of several makes of special gopher traps commonly on the market. The main runway should be located and a trap placed in each direction. The small lateral feeding runways which often terminate in the mound of earth are not the best places to set the traps. Use the main runways to which these laterals lead.

"In poisoning, some one of the root vegetables is used, since the gopher is normally a root eating animal. The baits are cut about half an inch square and one inch long so that the gopher cannot 'pouch' the bait without whittling or cutting it up. These are then wet thoroughly and drained and with a pepper can a mixture of ten parts of strychnine to one part of saccharine is sprinkled over them until they are well coated.

COOK ON A GAS RANGE.
It is not enough to know how to do a thing. Success depends upon doing it.
A good cook may know how a dinner should be prepared, but unless she has the right cooking equipment, she cannot apply her knowledge.
A MODERN GAS RANGE
—is the very best equipment that a good cook can have because it responds so readily to the exacting requirements of every cooking process.
Just the right temperature is always attainable on a gas range. The whole range of temperature,, from high to low, is ready at the turn of a valve.
GOOD COOKS who want to become BETTER COOKS are invited to come in and look over our stock of modern gas ranges. If we havn't the range you want we shall be glad to get it for you.

SUPERVISORS HOLD SESSION

The board of supervisors me in regular session Monday, June 14, 1920, at 10 a. m., there being present Chairman John MacBain, presiding, T. L. Hickey, Mrs. Rosalie M. Brown and Dr. C. V. Thompson. Absent, Supervisor Jos. M. Francis.

County Auditor J. J. Shields submitted his report showing the amount of money that can be drawn against the several funds of the county during the month of June, 1920.

A communication was received from the Industrial Accident Commission of California, enclosing certified copy of the Stem Shovel and Locomotive Crane Insurance Safety Orders adopted by the commission on March 3, 1920, in connection with the Workingmen's Compensation, Insurance and Safety Act. The communication was ordered filed.

A communication was received from the San Francisco Examiner, soliciting a display from the County for a magazine the above paper contemplates issuing later, covering the problem of the scarcity of labor in California, especially in connection with farming and fruit raising.

A communication addressed to Chairman MacBain was read calling attention to the meeting called by the Executive Committee of Twenty-one in San Francisco June 19, 1920, to consider the proposal that an initiative measure be placed upon the ballot at the general election in November to raise the interest rate on the $40,000,000 State highway bonds voted last year in order to make the bonds marketable.

Supervisor Hickey addressed the board in the above and stated that he was opposed to the raising of the money through the sale of the bonds at that time on account of the high cost of all construction work The $40,000,000, he claimed, would only carry out one-half of the work that was contemplated at the time that the bonds were voted on and some of the counties would suffer as a result.

Dr. Thompson also spoke against raising the rate and then made a motion which was seconded by Hickey, that the board go on record as being opposed at this time to the proposed plan as outlined in the communication from the committee of twenty-one. The motion was carried unanimously on rall call.

On motion of Hickey seconded by Mrs. Brown, the chairman was authorized to appoint a committee of one to attend the conference on the above matter on the 19th. Supervisor Hickey was appointed by the chairman to represent the board at the gathering.

In compliance with a request from the board, County Surveyor Kneese submitted a written report concerning the width of Holly street in San Carlos. The report showed that two maps had been prepared for the town of San Carlos, the first in 1888 and the second in 1912. The width of Holly street is not given in the first map but by relation and sealing, the county surveyor said that the thoroughfare appeared to be fifty feet wide. The later map showed the street to be 60 feet wide. Kneese gave his opinion that the sale of the lots would definitely decide the width of the street regardless of the filing of any maps. He said further that there appeared to be quite a number of discrepencies in connection with the street conditions at San Carlos which to clear up would be a tremendous job.

On motion of Hickey seconded by Mrs. Brown, the board accepted the report of the county surveyor and ordered a certified copy of the same sent to the Mercantile Trust Company of San Francisco who are interested in the settlement of the Holly street width.

A petition of the County of San Mateo to intervene in the case of the South San Francisco Chamber of Commerce against the Southern Pacific Railroad Company to secure terminal rates from the company for South San Francisco, was granted, on motion of Hickey, seconded by Mrs. Brown, and the district attorney was directed to take whatever steps may be necessary in the matter.

County Surveyor George A. Kneese addressed the board relative to a new road paving process, called "Llite" which, according to reports he had received, can be used at a great saving over other kinds of pavement. He suggested that the board look into the matter and if deemed advisable to send a representative from the board to Los Angeles where the plant of the paving concern is located.

The members of the board expressed themselves as anxious to investigate the new process and on motion of Hickey, seconded by Mrs. Brown, it was ordered that a committee of three, consisting of Chairman MacBain, Supervisor Hickey and County Surveyor Kneese be delegated to go to Los Angeles and visit the plant of the Willite Company.

At the request of Mrs. Brown, and on motion of Hickey, seconded by the former, County Surveyor Kneese was instructed to investigate the condition of a bridge on the old highway just west of the California sanitarium in Belmont and also two bridges on the Canyon road in the Second township.

The regular monthly claims having been approved by the finance committee, were passed by the board on motion of Hickey, esconded by MacBain.

RECENT SALES IN REAL ESTATE

Sales made by Lambert and Walter recently include the 12 1-2 acres in the former Camp Fremont site fo. the account of an Eastern client to Eli Enten who has in the past year purchased 20 acres in the same vicinity from them.

For the account of George L. Henderson and Nelson Andrews 13 acres on the Alameda de Las Pulgas near the Menlo Park Country Clul to a San Francisco client. In Atherton on Fair Oaks Lane they have sold a good-sized frontage in Watlington Park to George D. Gruenig of San Francisco who intends late on building a fine country home.

For the account of William H. McDougal lot 8 block 12, Dingee Park, to Mary Britt Ryan. Mrs. Ryan intending to add this lot to her present beautiful home on Duane street. For their own account they have purchased from Mrs. Ryan a bungalow situated number 1062 El Camino Real, which upon being renovated, will be resold.

The Dr. H. H. Winkler residence on Iris street, Redwood Highlands to S. P. Eveline of Marysville.

They also have several deposits on property on which they are not at liberty to divulge the particulars at the present time.

HIGH SCHOOL NOTES

Miss Edna Trumann our teacher of domestic science since the founding of the department in 1911, will leave Friday night after Commencement for her home in Urbana, Illinois, where she will enter the employ of some Illinois conuty as adviser for farm women. She is an earnest and capable teacher and has won the respect of students and parents. She will be succeeded by Miss Dora Wrenn of Patterson, where she has had charge of such work three years and comes highly recommended. She is a graduate of the Santa Barbara Normal school.

Miss Inez Matthews has accepted a position at Oceanside, San Diego county, and will leave Redwood City. She is a popular and capable teacher and it is to be regretted that she will not remain. She will be succeeded by Miss Belle Matteson of Runnymede, a Stanford graduate, and at present a teacher in the Santa Clara high school, which would be glad to retain her.

Mr. J. M. Graybiel has been chosen as principal of the high school at Williams, and will leave Monday for the summer school at the University of California where he expects to complete work for his master degree. Mr. Graybiel is a capable teacher and will be missed by our community which has learned to respect and admire him. No one has yet been chosen for this vacant position. His family will remain for some time.

SOME DISAPPOINTMENT SHOWN IN SELECTING REPUBLICAN PRESIDENTIAL NOMINEE

The people of California are naturally disappointed and rightly so in the failure of the Chicago Republican convention to make Hiram W. Johnson the nominee of the Republican party. He was the people's choice. He was nearer the hearts of the masses than any other candidate and should have been nominated.

His nomination would have meant his eletcion.

Hiram Johnson would be the representative of the plain people in the White House and not the mouthpiece of the interests.

However the big convention has spoken. It has chosen a good, patriotic American for its candidate. As true and loyal Republicans all should submit to the will of the majority of that gathering and support Warren G. Harding, who is entitled to the consideration of every American.

Let us bury our differences and put a bold front to the enemy by giving the Republican nominee every support at our command There is hardly any doubt but that Mr. Harding will be elected by the largest majority ever accorded a candidate for the presidency.

CAMPAIGN FOR MR. SHORTRIDGE NOW IN FULL SWING

The campaign to elect Samuel M. Shortridge the Republican senator from California is now in full swing throughout the state acocrding to announcement today from Shortridge headquarters.

Campaign offices have been opened in Oakland, Los Angeles, Sacramento and San Francisco. The "Shortridge for Senator Automobile Special" is busy touring every county of the state, and the candidate himself has started the first speaking tour of his campaign.

Shortridge started the month with a visit to Los Angeles where he met Republican leaders and conferred with them and the many friends who are working in his behalf.

"The outlook in Southern California is excellent,' 'said Shortridge on his return. "I speak of Southern California, but I recognize no such thing as a line dividing our state To me there is but one, California, great and splendid, and as Senator I will look after the interests of the people of California wherever they may abide."

"The Shortridge for Senator Special" has already toured Marin, Sonoma, Mendocino, Humboldt, Lake and Napa counties, and is now in the San Joaquin Valley.

Shortridge sentiment, the party comprising the Special found, is rapidly growing in these Northern counties. The Lake County Republican Central Committee met while the Shortridge boosters were there and endorsed the San Franciscan. Lake County this year, for the first time in its history, has a larger Republican than Democratic registration The margin is several hundred.

Shortridge started his first speaking tour of the campaign after his return from Los Angeles. Tracy was the first point on his itinerary, where he spoke at the high school commencement exercises and was tendered an ovation by a crowd that packed the auditorium to overflowing.

The next day he spoke before the Rotary club of Stockton at a meeting at which the Boy Scouts of Stockton were the guests of honor. The candidate praised the patriotism and work of the Boy Scouts and commended their organization for its efforts in behalf of the future citizens of the nation.

Similar splendid receptions were tendered Shortridge at every point he spoke. He was the speaker at the high school commencement exercises at Corning and at Red Bluff and was the Speaker of the Day at the Flag Day exercises in Visalia Sunday.

Following in the track of his advance party, Shortridge had San Joaquin Valley cities as the next points on his tour where meetings are scheduled. Bakersfield, Hanford Modesto, Merced and many other points are billed for early meetings at which Shortridge will speak. A day will also be spent in Fresno.

Mrs. Percy S. King, secretary of the Napa County School Board, and prominent in Native Daughters and women's club work, has been named chairman of the Napa county work among women voters for Shortridge Mrs. King reports that Napa county where Shortridge taught school early in his career, is strong for the Republican candidate for senator.

ITEMS OF INTEREST FROM COURT HOUSE

APPRAISER APPOINTED

Judge Buck has appointed H. W. Schaberg inheritance tax appraiser of the estate of W. R. Schneider, deceased.

BUILDER'S CONTRACTS FILED

The following builder's contracts were filed in the county recorder's office during the week:

The Sociata Italiana Di Mutua Beneficanza has awarded a contract to Louis Cereghino to erect an office building in the Italian cemetery at Colma in 60 days for $5,272.

The California Granite Company agrees to erect for M. N. Lettunich in 100 days a mausoleum in Holy Cross cemetery, Colma for $9,718.

FINAL DECREE GRANTED

Judge Buck on Wednesday granted a final decree of divorce to Grace Ann Morris from her husband, Frank Morris. The interlocutory decree was awarded on February 21, 1919 on the gound of wilful neglect. By the terms of that decree the custody of the minor child, Cecil Albert Morris, was given to the mother. She was also awarded the sum of $25 a month for her support.

HUSBAND APPLIES FOR LETTERS

Ellis Gross has applied in the superior court for letters of administration upon the estate of Lillian Gross. who died on May 27, 1920. The estate consists of money in deposit in two San Francisco banks amounting to $3710.20. The heirs at law are the petitioner, husband, and two sons, James Gross and Benjamin Gross, residing with their father at South San Francisco Franklin Swart is the attorney for petitioner.

COMBATING THE GOPHER

The gopher pest is a problem that is now annoying all those having small gardens. County Horticultural Commissioner H. E. Woodworth gives two methods by which the rodent may be destroyed which are as follows:

"There are two commonly used methods of destroying gophers, one of which may be advantageously used to supplement the other, where the gopher becomes wise to one or the other of the methods. These two methods are trapping and poisoning.

"Gophers are readily caught in any of several makes of special gopher traps commonly on the market. The main runway should be located and a trap placed in each direction. The small lateral feeding runways which often terminate in the mound of earth are not the best places to set the traps. Use the main runways to which these laterals lead.

"In poisoning, some one of the root vegetables is used, since the gopher is normally a root eating animal. The baits are cut about half an inch square and one inch long so that the gopher cannot 'pouch' the bait without whittling or cutting it up. These are then wet thoroughly and drained and with a pepper can a mixture of ten parts of strychnine to one part of saccharine is sprinkled over them until they are well coated. These baits are then placed in the main runways mentioned above and the hole covered. Excellent results have been obtained by this latter method."

ENTRANCE EXAMS. TO FARM SCHOOL TO BE HELD HERE

Superintendent Roy W. Cloud announces that on June 26 at Redwood City he will conduct entrance examinations to the University Farm School. This examination is open to young men 18 years of age or older who are not graduates of high schools accredited to the University of California.

The examination will consist of problems in arithmetic through decimals, fractions, and percentage; and in English, of writing a composition on an assigned subject.

There are many young men in our county who are now making their living and expect to keep on doing so in some kind of ranch work; young men who have not found it possible to go to a University. These young men will find the University Farm School an opportunity to secure from one to three years' education and training that will materially increase their earning power as is shown by the success of more than 1000 students who have attended the University Farm School.

By taking the examinations arranged for by the County Superintendent, young men will know before they leave home whether or not they will be admitted to the school. Registration August 13, 14; school opens August 17, 1920.

With the high wages men are earning on ranches this year any young man ought to be able to save enough money in a few months to enable him to take at least one year of training at the Farm School.

ORDINANCE No. 207

An Ordinance amending an Ordinance entitled, "Ordinance No. 179, An Ordinance regulating four-round boxing exhibitions and other boxing contests and pugilistic contests in the Town of Redwood City," passed and adopted on the 16th day of July, 1917.

The Board of Trustees of the Town of Redwood City do ordain as follows, to-wit:

Section 1.—Section I of an ordinance of the Town of Redwood City entitled, 'Ordinance No. 179, An Ordinance regulating four-round boxing exhibitions and other boxing contests and pugilistic conests in the Town of Redwood City," passed and adopted by the Board of Trustees of said Town of Redwood City on the 16th day of July, 1917, is hereby amended to read as follows, to-wit:

Section 1.—It is hereby declared unlawful for any person to engage in a boxing exhibition or pugilistic contest of any duration or number of rounds either as contestant, referee, timekeeper or promoter where any admission fee is charged to see said boxing exhibition or pugilistic contest or where said boxing exhibition or pugilistic contest is a part of any entertainment of any kind to which an admission fee of any kind is charged without first securing a permit to hold such boxing exhibition or pugilistic contest from the Board of Trustees of the Town of Redwood City. All applicants for a permit to hold boxing exhibitions or pugilistic contests must make application in writing to the Board of Trustees of the Town of Redwood City at least seven (7) days before the date upon which they desire said application acted upon. Said application shall state the name or names of all persons interest in said application as promoters, the date of the contemplated boxing exhibition or pugilistic contest and building or hall where said contest is to be held. The Board of Trustees shall have the absolute right to grant or deny any application for a permit hereunder.

Section 2.—All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

Section 3.—This ordinance shall be published once in the Times-Gazette, a weekly newspaper, published, printed and circulated in said Town of Redwood City and shall take effect and be in force thirty (30) days from and after its passage,

Introducted this 17th day of May, 1920.

Passed and adopted as an ordinance of the Town of Redwood City by the Board of Trustees of said Town at a regular meeting of said Board held on the 7th day of June, 1920, by the following vote:

Ayes and in favor of the passage of the foregoing Ordinance, Trustees, Carl K. Mabie, H. C. Tuchsen, Geo. W. McNulty, M. E. Ryan.

DO TEACHERS LIVE?

"Public, public, since you'd know
Where our meager penines go,
Think how much the landlords get;
Those profiteers are with us yet. * * *
We drop a favorite magazine,
Forego the silken stockings sheen,
Don't go to concerts or to plays,
And spend our merry holidays
Trying to keep our spirits high
While watching all the world go by.

Public, public, would you say
Teachers really LIVE today?"

Economy of Time and Labor

Strike a match—turn a valve—and the fire is ready. It's so easy that it doesn't seem possible to those who have been used to spending ten to thirty minutes building a fire.

Still, it is true when you use gas, and once you try it, money wouldn't hire you to go back to the old-time plan.

Just think of all the time wasted with your fire—preparing the kindling—getting in the fuel—starting it—watching it—and the worry and muss it makes.

A GAS RANGE does away with all this,

It is very plain that it gives you a whole lot of extra time—allows you to sleep longer in the morning and gives you more time through the day for rest, enjoyment and other work.

But that's not all. GAS transforms the kitchen into a clean, inviting place, free from all the things that make dust and dirt.

No ashes, no smoke, no kindling, no waits, no time lost—these are just a few things that gas fuel eliminates.

Sport Oxfords

The wave of sport styles has swept over all. An abundance of these summer styles are seen everywhere—in outing togs, in vacation outfits and in street costume.

Naturally this calls for sport models in footwear and we are surely ready for the demand. You have never seen such a goodly variety of smart and attractive sport shoes as we the now showing.

Your Vacation Outfit

Tennis

Walking

Dancing

This clever little dance pump is just what you want. Neat, dressy and light as a feather. High, medium or low heels, in Kid and Nubuck. You can get this in a narrow toe, or a more moderate one if you wish.

You tennis shoes should be light and comfortable, and still be so serviceable that you may enjoy your game every minute We are well supplied in these shoes, i na large range of styles, sizes and prices.

This walking oxford is one of the smartest modes of the day. They come in brown and white, or black and white. Easy to keep clean, and built to hold its shape.

Here depicts a plainer type of a dressy sport shoes. It has a narrow or moderate toe, medium heels, or higher if you wish. Single sewed sole. Genuine Buck and Nubuck. A very neat pattern for summer use.

Here is a pretty "golf model" for you! Strong and light, with high or medium military heels. It is a white and brown novelty effect, and is very popular for outing wear.

"—and the attractiveness lies not only in their style—you should see the prices."

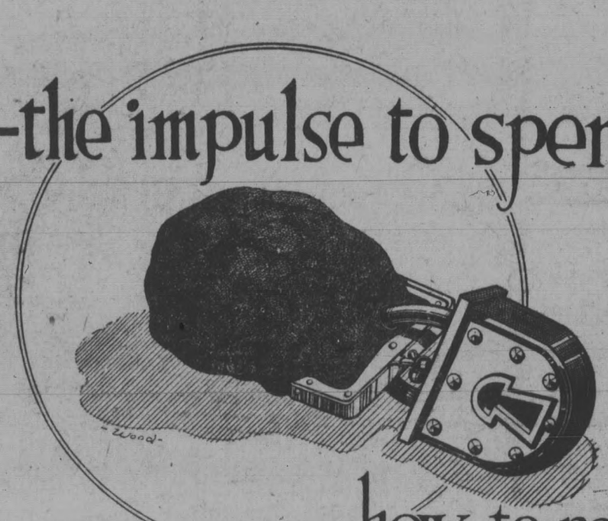
-the impulse to spend



-how to resist it

Americans are on a "spending jag." The Bank of Italy submits the following recipe as a cure:
Before you part with your forty cent dollars for merchandise other than practical necessities, think of these things—
—the bread lines of former years.
—the fact that 95% of all men are dependent at 60 on wages or relatives or charity.
—that "willful waste brings woeful want."
—that extravagance never brought independence.
—that "a fool and his money are soon parted."
—that the reckless spenders will soon be dependent on the thrifty savers.
